

BRITISH AMBASSADOR IS SHOT

RAILWAY STRIKE SET FOR SEPTEMBER 6

FIVE RAILROAD BROTHERHOODS TO SUPPORT DEMANDS

GENERAL TWENTY PERCENT WAGE INCREASE REFUSED BY RAILWAYS

CLEVELAND, Aug. 26.—(P)—A. F. Whitney, president of the Brotherhood of Railroad Trainmen, announced today that committees representing five railway brotherhoods had authorized a strike for Sept. 6 to support demands for a general 20 per cent wage increase.

Whitney said the committee, carrying on negotiations at Chicago, set 6 a. m. of Sept. 6 as the time for members of the brotherhoods to begin leaving their jobs.

The organizations involved, he added, are the Trainmen, the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and the Switchmen's Union of North America and the Order of Railway Conductors.

The membership of the groups totals approximately 250,000 men, Whitney said.

The nation is to be divided into four zones, Whitney added, with each walking out on a different day—the strike to become entirely effective by Sept. 9.

Details he worked out.

Details as to the zone boundaries, he said, are to be worked out today. Broadly, they would be the eastern, northwestern, southwestern and southern sections.

"Federal mediation, which may be resorted to either side in the dispute, would automatically postpone the strike for 30 days. The National Mediation Board, failing to arbitrate the dispute, may request the President to create an emergency arbitration committee which must report within 30 days. Neither side may take action until 30 days after the committee decision."

"I received word of the hour and date for the start of the strike."

Damage Suits In School Disaster May Be Filed

HENDERSON, Aug. 26.—(P)—W. Youngblood, county judge of Rusk county, today has denied two applications for Oklahoma attorneys for the appointment of Robert A. Moorman of Wilmington, Del., as administrator for plaintiffs in contemplated suits in connection with the London school explosion.

Howard K. Berry, an Oklahoma City attorney, was quoted there yesterday as saying 200 suits for damages on behalf of parents of the victims had been prepared for filing next week.

Berry said the suits would be filed after the Rusk county court had appointed an administrator. Berry said the suits would name a Delaware gasoline company.

He said he sought the foreign administrator because the company is a Delaware company. Should the petition be denied, he said, he would bring suit in state district court for \$3,000 or less in each case, and in federal district court at Tyler for higher damages in each case.

No damage suits in connection with the London school disaster are under the \$528,000,000 Wagner housing act.

HOUSING EXPERTS SEE NEED OF 5,600,000 NEW HOMES IN WAKE OF RECENT DAYS DEPRESSION

WASHINGTON, Aug. 26.—(P)—PWA housing experts estimated today the depression has left the American people in need of at least 5,600,000 new homes.

It would take that many, they said, to replace the worst slums and give families about the same kind of living quarters they had in 1930.

Homes for 135,000 low-income families may be provided in the next three years through local projects supported by federal loans under the \$528,000,000 Wagner housing act.

PWA files, however, contain nothing to show that private enterprise is getting into the field of providing homes for lower-income families.

Public works officials listed these factors as affecting the need for houses as the nation rises out of depression:

1. The population has increased.
2. Home-building during the depression did not keep pace with the population.
3. Families which doubled up in a single home to weather economic stress are now unscrambling.
4. Families which migrated from the cities to the farms during the depression are wandering back to the industrial centers in search of new jobs.
5. Marriage, held back by the depression, is on the increase, which means that more dwellings are needed to house the same number of people.
6. Families are yearly becoming smaller, on the average, which means that more dwellings are needed to house the same number of people.
7. Some of the new buildings added no more quarters because they simply replaced worn-out structures.
8. Other buildings which ought to be demolished are still in use.

Gets Promotion

GEORGE P. MECHAM GOES TO DENISON; HERE NINE YEARS

George P. Mecham, popular and efficient principal of the Sam Houston school here for the last nine years, resigned last night and has accepted a position as assistant superintendent of the Denison public schools, in charge of elementary education. Mr. Mecham went to Denison today to make arrangements to move his family there early next week.

He was elected Tuesday night, and will assume his new duties Sept. 8. At press hour today his successor had not been announced by school officials.

Mr. Mecham will have charge of Denison's five elementary schools, with a faculty of 50 teachers.

He returned Saturday from Nashville, Tenn., where he was in the summer faculty of Peabody College. Mr. Mecham is a graduate of Cleburne high school, and received his Bachelor's degree from North Texas State Teachers' College, Denton, and his Masters degree from Columbia University, New York City. He has done one year graduate work at Peabody College, toward his Ph.D. degree; has been on the college's summer faculty for two years, and was on the summer faculty at North Texas State Teachers' College.

Mr. Mecham's new position is a distinct promotion, and while his and Mrs. Mecham's friends regret to see them leave Corsicana, they are happy that they have gotten a better position.

Offer Schmeling Chance At Title On October 12

NEW YORK, Aug. 26.—(P)—Promoter Mike Jacobs, in answer to Max Schmeling's expressed willingness to fight for the world's heavyweight championship "at any time and any place," today announced a bout between Joe Louis and Tommy Farr on the afternoon of October 12 if the German will accept the challenger's end of 12-12 per cent.

Joe Jacobs said the offer was all news to him.

"Mike Jacobs has made no offer," said Schmeling's American representative.

INSURGENT COLUMNS RODE PROUDLY INTO SANTANDER TODAY

FORMAL OCCUPATION OF IMPORTANT SEAPORT CAME SHORTLY BEFORE NOON

HENDAYE, Franco-Spanish Border, Aug. 26.—(P)—Insurgent columns rode proudly into Santander today in formal occupation of the government's last important city on the northwest Spanish coastal ledge.

The city was hung with the red and gold flags of Spain's insurgency. The streets were jammed with cheering Santanderese.

Formal occupation came at 11:45 a. m.

Detachments numbering several thousand already had penetrated the city to quell vengeful terrorists.

Insurgent sources estimated that about half of the Spanish government's defeated army of some 50,000 was caught in a 15-mile-square trap in the rolling country southeast of Santander, still unaware that the city of perpetual spring had capitulated.

The defense of the Biscayan seaport had been shattered by 12 days of swift thrusts by Generalissimo Franco's superior machine gunners and his 13-month-old civil conflict.

Fleeing men, women and children streamed into Franco's army camp that could carry them over the water.

While Franco's advance guard waited today for the command to occupy Santander, supporting columns occupied Ranales and Ampuero to complete encirclement of those parts of the government army that had not already surrendered or fled to the west before the insurgents plugged the route to Oviedo province.

Miss A. R. Caton, a British child welfare worker, picked up at sea from a small boat in which she was fleeing with 13 Spanish children, was brought to Bayonne, France, by the British destroyer Keith, along with other refugees.

She said many had been shot by anarchist terrorists before Santander fell.

Announce Formal Occupation, SALAMANCA, Spain, Aug. 26.—(P)—Insurgent Generalissimo Franco's victorious armies formally occupied Santander, last important government port on the northwest coast, shortly before noon today.

The announcement was made at Franco's headquarters here.

Government Offensive, VALENCIA, Aug. 26.—(P)—Government troops pushed a frenzied offensive today on the Aragon front of northeastern Spain. A government spearhead was thrust into Generalissimo Franco's lines 25 miles southeast of Zorita, less than 10 miles from the town of Quinto, long held by the insurgents on the Zaragoza-Valencia road was occupied by Madrid-Valencia troops. See SPANISH, Page 4

MATTER TO QUIT SEARCH FOR FLIERS; OTHERS CARRY ON

FAIRBANKS, Alaska, Aug. 26.—(P)—American Pilot Jimmie Mattern prepared to return to the United States today while two planes cruised the Arctic in search of six Soviet transpolar fliers.

Mattern, the only American in the search, withdrew because his plane was not equipped for arctic flying. He had joined the hunt in hopes of repaying Sigismund Levanevsky of the missing crew for saving his life in Siberia four years ago.

Canadian Pilot Bob Randall left Barrow, northernmost Alaska settlement yesterday to overtake Soviet Pilot Zadoroff with a message, contents of which were not revealed.

Randall then planned to cruise about 30 miles inland eastward to Barter Island.

Three Soviet fliers prepared to leave Archangel, Russia, north of Moscow, on another leg of the hunt, which they planned to fly abreast 15 miles apart over the course taken by the Levanevsky plane.

Willie Returns, COPPERMINE, N. W. T., Aug. 26.—(Canadian Press)—Sir Hubert Wilkins and his flying boat returned to Coppermine late last night after an unsuccessful search over Beaufort Sea for Sigismund Levanevsky and his missing transpolar comrades.

Another flight will be made over the polar area after the flying boat has been refueled and when there is more favorable flying weather.

REPORT OF TAXES VARIOUS COUNTIES SHOWN BY AUDITOR

NAVARRO FIGURES SHOW OVER HALF MILLION NOW DELINQUENT

Interesting figures are shown in the report of taxes and indebtedness of local units of government in 1936 in Texas and in the various counties, etc., received Thursday by Lonnie L. Powell, county clerk, as prepared and submitted by Tom C. King, C. P. A., State auditor and efficiency expert. In addition to the state totals, the report is broken down by counties, including cities, road districts, school divisions, and other departments.

The figures included in the comprehensive and detailed report are as of Sept. 1, 1936, and do not include any figures, etc. since that time.

Tax Collections.

Tax collections in the state from ad valorem sources last year amounted to \$124,383,465.45. That is divided as follows:

Counties: \$28,773,072.27—23.98 per cent; cities: \$83,221,166.71—28.71 per cent; independent school districts: \$30,463,223.26—23.69 per cent; common school districts: \$8,441,978.30—5.18 per cent; rural high school: \$420,067.19—34 per cent; roads: \$3,900,717.45—3.13 per cent; water control: \$819,888.55—.66 per cent; water improvement: \$581,393.11—47 per cent; fresh water supply: \$31,759.82—3 per cent; irrigation: \$94,550.73—77 per cent; navigation: \$809,242.95—.65 per cent; conservation and reclamation: \$282,740.26—23 per cent; levee improvement: \$149,182.68—12 per cent; drainage: \$334,883.48—43 per cent. Total \$124,383,465.45—100 per cent.

It will be noted in the above figures that the cities collection exceeded those within the counties by approximately five and one-half million dollars, while the independent school districts outranked the counties for second place by approximately three-quarters of a million dollars. The common schools are less than one-fourth that credited to the independent districts.

The staggering figure of \$136,214,686 in delinquent taxes is shown in the report.

The outstanding debt of Texas as was listed at \$705,375,683.97, divided as follows: Current warrants—\$7,213,577.35; time warrants—\$28,274,850.63; and bonds—\$669,887,255.99.

The bonded indebtedness and time warrants of the state is \$698,162,106.62. Credited to the sinking fund is \$43,345,281.04.

See COUNTY TAXES, Page 4

TEXAS COTTON CROP IN PROCESS OF BEING GATHERED BUT STILL DECIDEDLY UNKNOWN QUANTITY

(By The Associated Press)

With the Texas cotton crop still an unknown quantity, South Texas growers were watching the progress of the season's first crop in the state and in other sections of the state had their weather eye on thunder clouds.

The tropical disturbance off the island of St. Thomas, the first reported this season, could not be ruled out for several days. Florida meteorologists indicated Wednesday. That a heavy rain would allow time to gather the bulk of the cotton crop in South Texas.

In other parts of the state, where picking was just getting under way or where cotton was still making, the chief concern was thunder showers which, where cotton was open, would result in losses in quantity and quality, and where cotton was still making, would increase insect damage. On the other hand, the establishment of a new of the state had aided in maturing the crop.

Waco to Be Made Headquarters For Veterans Body

WASHINGTON, Aug. 26.—(P)—The Veterans Administration notified aides of Representative W. R. Poage of Waco, Texas, today it plans a complete reorganization of the administration in Texas, with new headquarters at Waco.

Under the present setup, the administration has regional offices at Dallas and San Antonio. Plans announced by Administrator Frank T. Hines call for re-tenation of offices in those two cities for contact purposes, and the establishment of a new office in Houston, also for contact purposes.

See COTTON CROP, Page 4

WHERE CHINESE BOMB KILLED HUNDREDS

Top—This picture of the intersection of Avenue Edoard VII and Thibet road was taken a few moments after a Chinese bomb fell on an amusement house there and brought death to several hundred persons. These pictures were flown to the United States in the Hawaii Clipper and are among the first to arrive here of the war in Shanghai.

Bottom—This was the scene on Nanking road in front of the Cathay hotel (right) after a bomb brought death to two hundred Chinese and three Americans.

WORTHAM RESIDENT SIXTY-SEVEN YEARS DIED ON THURSDAY

WORTHAM, Aug. 26.—(Spl.)—N. B. Boyd, age 67 years, died at his home here Thursday morning at 8 o'clock following a long illness. Funeral services will be held Friday afternoon at 4 o'clock from the Methodist Protestant church. The rites will be conducted by Rev. G. W. Bounds. Burial will be in Wortham cemetery.

Mr. Boyd was a native of Alabama but had been a resident of Wortham for 67 years. He was considered one of the wealthiest men in this section of the state and was an extensive land owner and oil operator. He was also a director of the First National Bank of Wortham.

Surviving are two sons, J. E. Boyd and J. F. Boyd, both of Wortham; two daughters, Mrs. H. J. Milligan, Teague; Mrs. W. J. Sellers, Coolidge; two brothers, Slaughter Boyd, Abilene; Will Boyd, Plainview; 45 grand children, 33 great-grandchildren and other relatives.

Directors of the First National Bank will be active pallbearers and friends of the family will be honorary pallbearers.

President Signs Third Deficiency Bill Thursday

WASHINGTON, Aug. 26.—(P)—President Roosevelt signed today the third deficiency bill, appropriating \$7,062,000 for various government departments and agencies.

The measure also authorizes the use of \$65,000,000 of tariff receipts for subsidies to cotton farmers in connection with a government effort to stabilize the price at 12 cents a pound.

The bill also carries \$10,000,000 to start the farm tenancy aid program and another \$10,000,000 for retirement of sub-marginal lands.

Surviving are two sons, J. E. Boyd and J. F. Boyd, both of Wortham; two daughters, Mrs. H. J. Milligan, Teague; Mrs. W. J. Sellers, Coolidge; two brothers, Slaughter Boyd, Abilene; Will Boyd, Plainview; 45 grand children, 33 great-grandchildren and other relatives.

Directors of the First National Bank will be active pallbearers and friends of the family will be honorary pallbearers.

DEMOCRATIC PARTY SPLIT IS EMPHASIZED BY STATEMENT OF SENATOR KING ON CANDIDATE

WASHINGTON, Aug. 26.—(P)—A proposal from Senator King (D-Utah) that the 1940 democratic presidential candidate be a man from outside the New Deal's inner circle emphasized today the fundamental split within the party.

King said the nominee should be someone like Senators Byrd of Virginia, Clark of Missouri, or Bailey of North Carolina. He asserted he could not second the nomination by Senator Minton (D-Ind.) of Paul V. McNutt.

King was one of the leading opponents of the Roosevelt court bill and the three senators he named also were opposed to the measure as well as many other New Deal proposals.

McNutt, former Indiana governor and now American high commissioner of the Philippines, is described by his friends as seeing eye-to-eye with the New Deal.

At the same time King discounted the possibility of a permanent split within the democratic party, forecasting that it would "continue as the progressive and liberal party of the country."

King's statement came on top of an assertion by Democratic Leader, Barkley, of Kentucky, that the democratic party had beaten off "attempts to divide or weaken it" and a "no reprisal" edict from Democratic Chairman Farley.

The postmaster general suggested, however, in a press conference yesterday the possibility of reprisals from the voters against Senators and Congressmen who had failed to support the president.

Farley refused to get into the

JAPANESE WARPLANES ATTACK DIPLOMAT ON ROAD NEAR SHANGHAI

INTERNATIONAL COMPLICATIONS MAY FOLLOW THE WOUNDING OF BRITISHER

By JAMES A. MILLS

SHANGHAI, Aug. 26.—(P)—International complications of the undeclared Chinese-Japanese war increased ominously today as a Japanese warplane shot and seriously wounded the British ambassador to China and the Japanese navy threatened to include foreign shipping in its blockade of China's coast.

Sir Hugh Knatchbull-Hugessen, British envoy, was shot while motoring from Nanking to Shanghai. The ambassador's party was traveling in two motorcars, both flying large Union Jacks.

Fifty miles from Shanghai two Japanese planes swooped down. The first sprayed the two cars with machine gun bullets. The second dropped bombs after the cars had stopped.

Lieut.-Col. W. A. Lovat-Fraser, military attaché, was knocked unconscious by a bomb explosion when he alighted from his car, but was not wounded.

The ambassador was hit at least twice, in the left side and stomach. An official British statement said there was no doubt the plane that attacked him was Japanese.

He was rushed to the Country Hospital in Shanghai's international settlement, where surgeons found one bullet had lodged near the spine without fracturing it.

Hope For Recovery Expressed.

They expressed hope for his recovery, although he was greatly weakened by loss of blood.

Chinese and foreign diplomatic circles in Nanking received news of the affair with expressions of horror and dismay. They understood, Sir Hugh wrote on his way to Shanghai, to discuss with Shigeru Kawagoe, the Japanese ambassador, possibilities of ending the Shanghai hostilities by diplomatic agreement.

British embassy attaches said the ambassador also was anxious to survey arrangements for evacuating British nationals from Shanghai to Hongkong.

High Japanese officials were quick to express their sorrow. Katsuo Okumura, secretary of the Japanese embassy, called at the hospital on behalf of the ambassador, Shigeru Kawagoe, Vice Admiral Honda, naval attaché of the embassy, called to express the navy's regrets.

Messages of condolence also came from Generalissimo Chiang Kai-shek, head of the Chinese government, and other Chinese officials.

Japanese Deplora Attack.

A spokesman for the Japanese embassy deplored the attack on Sir Hugh and said the airmen evidently had mistaken the red and blue British flag on his automobile for a Chinese emblem of the same color.

He declared the ambassador should have had a flag large enough to drape over the whole roof of his car.

On the battlefronts around Shanghai, Chinese and Japanese forces have fallen back on a broad front, while the Japanese army had established a firm foothold on the Yangtze coast north of Shanghai for the landing of extended operations to drive the Chinese from the vicinity of Shanghai.

A spokesman for the Japanese navy declared that "foreign shipping along the China coast may

KERENS SCHOOLS WILL OPEN TERM MONDAY, SEPT. 13

KERENS, Aug. 25.—(Spl.)—The 1937-38 term of the Kerens schools will formally open on Monday, Sept. 13, with registrations on Thursday and Friday, the 9th and 10th. A regular faculty meeting will be held on the 8th. The school calendar for the year has been made out, and the proper holidays will be observed, as per custom.

The school board of trustees and Supt. Graydon H. Wilmon announce the following faculty:

For the High School—D. A. Mills, principal; Roy Cloud, vocational agriculture; Carolyn Mills, English; Pauline Dahhke, librarian; Jack Poff, science; Nancy Goodall, head of the commercial department, and Dorothy Atkins, mathematics.

For the Grammar School—A. S. Pritchard, principal; H. G. Smith, athletic coach and elementary; Undine Litchwood, elementary; J. G. Gullahorn, elementary; Velma Jeanes, primary supervisor; Novella Orrick, primary; Merrill Strong, primary, and public school music, and Maxine Owen, primary.

Extensive improvements have been made upon the campus and in the buildings, where the necessary redecoration has been attended to, and the principal's offices have been entirely remodeled.

Since the consolidation of several smaller county schools the enrollment will be at least 550, and four buses are required for transportation, each bus making two trips twice daily, which is equivalent to eight buses.

The Navarro colored training school, located about one mile from the city limits, boasts a faculty of 12 teachers, with M. Hardaway, superintendent, and offers complete courses in all branches of home economics and is an accredited high school of 11 grades. Leated in a grove of trees on what is known as Goodloe Park, it has a well equipped playground and its own teacherage, and would be a credit to a much larger city.

Tom Stone Elected Junior High Coach

Tom E. Stone, assistant coach of the Groves High School for the past four years, has been named coach of the Corsicana Junior High Panthers for this year. W. H. Norwood, superintendent of the city schools, announced Thursday morning. He will replace L. C. Seay, resigned, who has accepted the assistant coaching job at McAllen High.

The new Panther mentor was a star guard at Rusk Junior College and later played two years at the Sam Houston State Teachers College, Huntsville. Gilbert Bradley, principal of the Chatfield school last year, resident of Mabank, is to have charge of the physical education program at the junior high school, Supt. Norwood revealed.

Courthouse News

District Clerk's Office.
The following case was filed: M. D. Albritton vs. Henrietta Albritton, divorce.

Commissioners' Court.
The commissioners' court Wednesday began its work as a board of equalization with tax payers of Precincts 1 and 4 appearing Wednesday. Precincts 2 and 3 will be on hand Thursday while corporations, railroads, oil companies, etc., will be heard Friday and Saturday.

Warranty Deeds.
Irene McCrery, et al. to J. N. Edens, 20 acres of the Charity Sanders survey, \$10 and other considerations.

T. Montfort to W. S. Reed, et ux, et al. 10 acres of the James Powell survey, Exall Heights Addition, Corsicana, \$30 and other considerations.

The Federal Land Bank of Houston, Texas, to Roy Lee Martin, 14.18 acres of the James Powell survey, \$500.

Marriage License.
Cecil Veldon Morgan and Mary F.

Justice Court.
One was fined for failure to give right-of-way on highway by Judge A. E. Foster.

Charlie Murray was bound over to the county court on bond of \$250 on a charge of violating the prohibition laws filed before Judge Foster.

More than 70 Corsicana business and professional men had indicated they would attend the "Good Will Banquet" sponsored by the Retail Trade Committee of the Corsicana Chamber of Commerce at Dawson Thursday night.

The meeting will be held on the campus of the high school and is scheduled to start promptly at 8 o'clock, according to Sydney Marks, toastmaster for the evening.

Revival Meeting to
Open Sept. 1st At
Petty's Chapel

The public is cordially invited to attend the revival at Petty's Chapel church, beginning Wednesday evening, Sept. 1, at 8 o'clock. A. L. Patterson is pastor and the preaching will be done by W. O. Patterson, his father. The music will be directed by Harold Blankenship, Jr., assisted by his son, Harold, Jr.

If you like good gospel preaching and good gospel singing, come and bring your neighbors with you.

TUPELO LEAGUE MET AS COMMUNITY OPENS RECOVERY DRIVE

The Tupelo league met Sunday night for the first time since the storm. It was like visiting a friend who had been away for a long time. The church and only an oil lantern there. Not only the school house and store are demolished, but the Burdine, Cook, Barlow Hervey and R. M. Bowden homes are deserted. The community is being rapidly rebuilt. Many homes are already repaired and several crews are working on others. Some are now working on their barns so that what little feed that is left can be saved. As soon as the smaller jobs are finished work will begin on those homes that were completely wrecked. The church will also have to wait.

There have been many acts of brotherly love and neighborly kindness. It is a beautiful thing to see our men and boys going to places to place helping one another. The women and girls have also found things to do to help. Those who were not so badly damaged have left their own work to help those who were left homeless. Some from the communities have also shown a wonderful spirit by helping in different ways. We, as a community, are very grateful.

The girls of our league were making a quilt to raise money for the church, and since the storm struck us we are working even harder for this cause. We put names and advertisements on the quilt for a certain price. We deeply appreciate all contributions that have been made by individuals as well as by business firms.

Last Tuesday night John Norwood, Catherine, A. D. and Joyce McMullan and Louise Wheeler attended the League Union at Kerens.

The following program will be presented Sunday night, Aug. 29. Subject: "To Serve the Present Age."

Leader: John Norwood.
Prelude: Catherine McMullan.
Hymn: "I'm Dying with the Lord," Eva Marie Mitchell.
Scripture: Prov. 4: 1, 2, 5-3, 18.
Glenn Cook.

Prayer: Elizabeth McMullan.
Talk: "Why Go to College," Martha Blackhart.

Talk: "Why Go to a Church College," Richard Burdine.
Poem: Robert McMullan.
Song: John Norwood.
Benediction.

—Contributed.

INFORMATION ABOUT HEALTH OF CHILDREN STARTING TO SCHOOL

The following statement, concerning the health of children who are to start to school Tuesday, Sept. 7, was made Wednesday by Mrs. J. W. McAdams, R. N., school nurse:

Following closely the publication of advice from the state health department regarding the preparation of children for school comes information concerning local school health regulations.

It is definitely the responsibility of the parents to see that their children are ready for school. It is not fair to the school or to the child to send him to school unless he is as physically fit as he can be made.

Children with diseased tonsils should have them removed before school begins. Defective teeth should receive attention of the family dentist. Every child should be immunized against diphtheria and vaccinated against smallpox. Those children having defective vision should be treated or fitted with glasses before the school year begins. A child with a defective strain of school life is placed upon his eyes.

Skin diseases should be cured, and no child with suspicious skin lesion will be allowed to remain in school without a certificate from a physician stating said condition is not contagious.

Any defects of eyelids, such as granulation or inflammation, will require a doctor's approval before the child can remain in school.

Children exposed to tuberculosis at any time will also be required to have a certificate.

Health habits, such as the required number of hours of sleep, balanced meals, and daily proper elimination should be well established before the child starts to school.

All children starting to school for the first time in September should be included in summer round-up campaign. To be included these children should visit their physician and dentist for examination and treatment. Official blanks may be obtained from the school nurse.

It is advisable that every child, whether he is a beginner or in high school, have a yearly physical examination and any defects found corrected.

Much loss of time from school and much impairment to the child's health can be prevented by getting him ready for school during vacation.

The Corsicana public schools do much toward the protection of the child's health after he starts to school and merit the co-operation of the parents in the health program.

MRS. J. W. McADAMS, R. N., School Nurse.

Miss Linda Sims to
Present Pupils From
Kerens at Palace

Miss Linda Sims is presenting some of her pupils from Kerens at the Palace theatre Friday night, Aug. 27.

Those taking part are Patricia Newsome, Mary Nell Carpenter, Mary Ann Daniels, Shirley Ann and Beverly Rae Henson, Baby Jean Westbrook, Dorothy June Immon, Carolyn Hulton, Margaret Pugh, Louise Dobbs, and Darrell Mabry.

Have Pretty Baby Girl.
Mr. and Mrs. Isaac Estell are the proud parents of an eight and one-fourth pound baby girl, born Wednesday, Aug. 18, at 12:15 a. m. The mother is better known to her friends as Maury Pearl Stanley. Mother and baby are doing nicely.

Local Delegation To Meeting Young People Return Home

The Corsicana delegation which has been at the Young People's Leadership Conference of the Methodist church, held at Mount Sequoyah, in the Ozarks, just at the outskirts of Fayetteville, Arkansas, have returned. The party consisted of Mrs. R. N. Elliott, young people's worker of the First Methodist church; Miss Ruth Rogers, Miss Dorothy Burkhardt, and Miss Martha Martin, all of First church.

Miss Burkhardt is also president of the Epworth League Union. In addition to the First Church party Miss Glenna Watson of the Elevator Avenue Methodist church and secretary of the Epworth League Union, attended. Mr. and Mrs. Boyce Martin and son Boyce, Jr., completed the party from Corsicana.

Miss Rogers went with a large group from the Highland Park Methodist church, Dallas, while Miss Burkhardt is visiting relatives in Oklahoma before coming home. The party enjoyed the conference in a fine way. It was the largest young people's conference ever held by the Methodist church west of the Mississippi river, with over 400 young people attending. With rain every other day the weather was cool, with blankets in order each night. The conference lasted twelve days.

In addition to the Bible lectures each morning, the Vespers each evening, business sessions each day and the study of many topics in connection with Sunday school, church and league work, there were many social occasions, among them being the folk games daily and the climatic lantern hike and the climatic lantern hike and the climatic lantern hike.

Among the delegation was one Japanese, two Mexicans, and one Filipino. Mount Sequoyah is well equipped and a beautiful location for this type of work.

Report Profitable Session.
Mrs. R. N. Elliott, sponsor of the young people of First Methodist church and Miss Glenna Watson were accompanied to Mt. Sequoyah by Miss Dorothy Burkhardt, but at the close of the conference Miss Burkhardt returned to Oklahoma City to be the guest for a week of her cousin, Miss Minnie Earl Williams, who was attending the conference from that city.

During their stay in Mt. Sequoyah Mrs. Elliott and her group had rooms in the four-story brick dormitory hotel, known as the Woman's Building, and which is in charge of the Woman's Missionary Union.

They made several side trips, including Eureka Springs, Springfield, and Rogers, which are famous for their wonderful vineyards and orchards.

On their return trip they drove through the scenic highway through Ft. Smith and Van Buren, Ark., where they saw the home of Bob Burns, the noted comedian.

They arrived home Tuesday night, making the drive of four hundred and fourteen miles in nine and one-half hours.

The conference included all the

CURRIE TO PLAY BURLINGTON IN CURRIE SUNDAY

Currie baseball club will play two important games during the week-end with direct bearings on the standing of that club in the Navarro County Baseball league and the Central Texas Class B race.

The hustling Currie combination will meet the Corsicana Cotton Millers at the Cotton Mill diamond Saturday afternoon at 3:30 o'clock. The contest was originally slated for Currie Sunday afternoon but was put up to Saturday by mutual agreement of the managers.

Bennett will probably draw the pitching assignment for Currie. Currie will oppose the Burlington combination at Currie Sunday afternoon at 3 o'clock.

Manager Hawthorn landed the game for the Currie diamond during a conference with the Burlington manager this week. The winner of the game Sunday will compete in the finals of the Central Texas Class B loop later in the season. Kirk, lanky speed-ball artist, will take the hill Sunday against the Burlington club.

Fox Hunt and Bench
Show to Be Held At
Grosbeck Labor Day

GROSBECK, Aug. 28.—(Spl.)—The Limestone County Fox Hunt and Bench Association is to hold its seventh annual fox hunt and bench show Labor Day, Sept. 6th, at Grosbeck. All lovers of the chase are invited to come bring their hounds, compete on the bench show and also join in the chase.

The Bench Show will be held at the city park under the flood lights at 8 p. m. Hinkle Schilling of Center will be the able judge of the Bench Show. For details or further information write J. M. Jenkins, Grosbeck, Texas.

Plan Organization
Gas Model Airplane
Club In Corsicana

Plans were being worked out today for the organization Monday night of a Gas Model Airplane Club, and everyone in the city who owns a model who would like to build and fly one, or who is in any way interested, is invited to meet at 8 o'clock Monday night at the home of James Brantley at 1625 West Second Avenue. Anyone desiring information about the models may secure it by communicating with Brantley or with Jack Thompson.

Southern states west of the Mississippi river.

The theme of the conference was "The Church in the World Today."

There were speakers of national and of international note from many different races, each bearing on the social and economic life; the Church's relation to war and peace, its international relations, its problems of class and race prejudices. The theme in fact stressed the Church's relations to every problem of the modern day of living.

Winkler Juniors In Two Wins Last Week

WINKLER, Aug. 28.—(Spl.)—Winkler junior softball club downed the Streetman team Saturday night, 14-8, in a slugfest, and then Sunday, walloped the Kirven aggregation, 20-8.

Winkler will meet Kirven again Sunday at the Winkler diamond and will invade Shanks club at Shanks, Sept. 5.

In the Kirven game, Winkler scored in each inning. Kirby Teel, Jr., for Winkler hit a home run, triple and two-bagger, while Gregory turned in a spectacular running catch. Cherry, second sacker for Kirven, smacked out a home run.

The Box Score.

NEW TWIST TAKEN
IN BLANTON CASE;
CHARGES FILED

RAYMONDVILLE, Aug. 25.—(AP)—Sheriff Howard Cragg of Willacy county reported to Justice of the Peace Tom Heath at San Benito today he had been unable to locate Morgan Miller, former game warden, to serve him with a warrant charging illegal carrying of a pistol and impersonating an officer.

The complaint was filed by T. C. Anderson, a private investigator in the Blanton disappearance case, last night. A warrant for Miller's arrest was returnable at 10 a. m. today in the San Benito court.

After the sheriff made his report, the justice of the peace instructed the officer to continue his efforts to locate Miller and have him report in court at 8 o'clock tonight.

Negro With New
Racket Arrested
By City Officers

A negro was arrested by city officers recently who had been practicing a racket for some time and transferred to county authorities. The negro is alleged to have gone to a suburban grocery and bought cigarettes, charging them to a white man and then sold the packages to his friends for ten cents each.

He was reported fined in justice court \$14.15 each in two cases of misdemeanor theft.

DR. ELLIS GIERE ASSOCIATED WITH LOCAL HOSPITAL

Dr. Ellis E. Giere of Rochester, Minn., has become associated with Dr. W. T. Shell and Dr. William T. Shell, Jr., at the Corsicana Hospital and Clinic, specializing diseases of children.

Dr. Giere is a graduate of the University of Minnesota School of Medicine and served as interne in the Minneapolis General Hospital. After completing a three-year fellowship in medicine at the Mayo Foundation and Post Graduate School of the Minnesota University, Dr. Giere was instructor in the medical school of the University of Minnesota. He practiced for two years at Fort Peck, Mont. before coming to Corsicana.

BUMPER YIELD OF SOYBEANS IS EXPECTED PLACE THIS NEW CROP ON PAR WITH RYE PRODUCTION

By PAUL D. SHOEMAKER Associated Press Farm Editor CHICAGO, Aug. 26. (AP)—A bumper 1937 yield of soybeans, estimated in private trade reports by crop experts to be in excess of 50,000,000 bushels, will place this infant member of American crops on a near equal production level with rye, one of the oldest.

Rye production this year is estimated at 52,000,000 bushels and some crop observers believe that soybeans may even pass rye this year.

From an insignificant position in the American agricultural picture a dozen years ago, the soybean, although far removed from its native Manchuria, has become a favorite among farmers to the extent that more than six million acres were seeded this year. Some was planted for use as a legume.

Girard Oilers Won Over Millers Sunday

Girard won a free-hitting contest Sunday afternoon over the Corsicana Cotton Millers, 14-10. Four home runs and four doubles were chalked up along with a flock of singles.

ALL-STARS TO OPPOSE MISSOURI PACIFIC LINES TEAM SATURDAY

By PAUL MOORE Sun Sports Editor

Ennis copped the championship of the first annual Streetman softball invitation tournament on the Streetman diamond Monday night by defeating the Dr. Pepper club of Corsicana, 5 to 2, before a large crowd.

An all-star team picked by the fans attending the tournament will oppose the famous Missouri Pacific Lines combination from Palestine at Streetman Saturday night at 8:30 o'clock. The Streetman junior club will oppose the Winkler team as a curtain-raiser attraction Saturday evening.

Dr. Pepper scored first, turning in a run in the opening. Burks, first man up, grounded out. Stough singled as did Ray. Gowen was robbed of a hit by a spectacular catch on the part of Morris and then Walling grounded to Morris who tossed to Hoyle. Hoyle dropped the ball and Allen scored.

Ennis tied the count in the sixth inning. Ricks, rover, the leading star of the evening with three blows, singled to center to open the inning. He pilfered second base. Morris grounded out and Smith fanned. Johnny Allen, catcher, singled to right, scoring Ricks. Dr. Pepper, however, came back in their half of the sixth to add their second score. Stough opened the inning with a single to center. Ray doubled to left field, scoring Stough, but was out when he tried to stretch his double into triple for a chase.

Onstead, Ennis pitcher, grounded out to open the eighth. Ricks again proved troublesome when he singled. Morris grounded sharply to Stough who muffed the ball. Smith grounded to Gowen who retired Ricks on a forced play at third. Johnny Allen clouted a two-bagger to left field, scoring Morris and Smith and winning the ball game. Allen proceeded to third when Sloan threw wildly in the line near third base. Lummas, lanky outfielder, hit a home run into the darkness, scoring Allen ahead of him to clinch the ball game.

Ennis threatened in the ninth, but fine fielding kept additional runs from being made. James Allen singled to open the inning. Dixon singled just over the second baseman. Hoyle grounded to third as Gowen cut James Allen down at the plate to J. Reed. Onstead grounded to Ray who cut off Dixon's drive to the plate. J. Reed and Onstead were thrown out stealing to Stough.

The D. N. Rices Married Fifty Years Ago in Corsicana

Mr. and Mrs. D. N. Rices were married fifty years ago today. Mrs. Rices before her marriage was Miss Nannie Lowry.

On Aug. 24, 1887, she and Mr. Rices were quietly married at the home of her mother, Mrs. James Francis Lowry. Present at the wedding and a few close friends were present. The bride elect was unattended, but Mr. Will Coulson acted as best man to the bridegroom.

The ceremony was performed by Rev. T. W. Erwin, a Presbyterian minister, and took place in the early evening.

A small reception followed and Mrs. Lowry assisted by Mrs. Singletary served refreshments of ice cream and cake.

Mr. and Mrs. Rices had rooms in the home of his mother, the late Mrs. J. H. Rices and family, until arrangements were made for housekeeping.

The friends of Mr. and Mrs. Rices extend to them hearty congratulations and best wishes for many more happy anniversaries.

BUDGET

(Continued From Page One.) The city council is to where we expect to discontinue or drastically curtail emergency activities," Cannon said.

While Cannon looked to next year, treasury officials said a probable revision of budget estimates for this fiscal year might show federal finances in better shape.

They said enactment of the law to close loopholes and the "freezing" of aid, may cut appropriations already made to departments would make possible a substantial reduction in the prospective 1938 deficit.

The revenue, bigger repayments of loans and larger returns from self-liquidating construction projects should be important factors, Cannon said, in equalizing income and outgo.

Some appropriation bills, Cannon said, may be cut as much as 30 per cent under those of similar bills for this year. He said it ought to be possible to slash the relief appropriation 25 per cent.

MAKE THIS MODEL AT HOME THE CORSICANA DAILY SUN DAILY PATTERN

"Top o' the morning to you!" says Anne Adams, and makes sure that you will indeed have a good morning by designing a flattering wrap-around that's donned in a jiffy and keeps you looking spruce all day long. At the first ring of the alarm clock you'll be slipping into its becoming seams and fastening the buttons in a flash—then down to serve breakfast, looking a picture of style in Pattern 4483! This frock is "specially easy" to make, too, and a cheery sight enhanced by striped cotton, colorful percale, or sturdy gingham. Don't you like its trim "shirtwaist" effect?

Pattern 4483 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 38 takes 4 1/2 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly size, name, address and style number.

Make your own flattery! Send for our Anne Adams Pattern Book and you will easily see how to stitch up the newest, smartest outfits from the easiest patterns ever seen! No matter how inexperienced at sewing, you will want to make these lovely afternoons, evening party styles, morning models! Variety and flattery for growing-up and grown-up! Book Fifteen Cents. Pattern Fifteen Cents. Twenty-five cents for both when ordered together.

Send your orders to the Daily Sun, Pattern Department, 243 W. 17th St., New York, N. Y.

COUNTY TAXES

(Continued From Page One.) leaving the net indebtedness at \$854,816,825.58.

The \$124,383,485.45 collected the past year is divided as follows: Debt purposes—\$45,413,539.88; general purposes—\$78,969,945.57.

Delinquent Tax.

The delinquent tax for the past year was listed at \$26,463,750.99. Debt delinquencies reported from Dec. 31, 1919 until August 31, 1935, totalled \$109,751,117.01, making the delinquent tax total of \$136,214,868.

The outstanding debt of Texas and its various subdivisions list at \$705,375,983.97 is divided as follows:

Current Warrants—\$7,213,577.35, time warrants—\$28,274,880.63, bonds—\$68,427,225.99, bank balances—\$23,086,320.00, and sinking funds—\$43,345,281.04.

Included in the figures by counties were:

Ellis County.

Tax collections: Debt purposes—\$307,008.81 for general purposes—\$515,591.54. Total \$822,600.35.

Delinquent taxes: Last year—\$190,359.86, and from Dec. 31, 1919 to Aug. 31, 1935—\$973,216.04. Total—\$1,163,575.90.

Outstanding debts: Current warrants—\$1,557.84, time warrants—\$110,300.42, bank balances—\$4,946,640, bank balances—\$432,311.94, and sinking funds—\$42,253.

Freestone County.

Tax collections: Debt purposes—\$100,501.80, for general purposes—\$161,557.98. Total \$262,059.78.

Delinquent taxes: Last year—\$73,161.34, and from Dec. 31, 1919 to Aug. 31, 1935—\$302,688.34. Total—\$375,849.68.

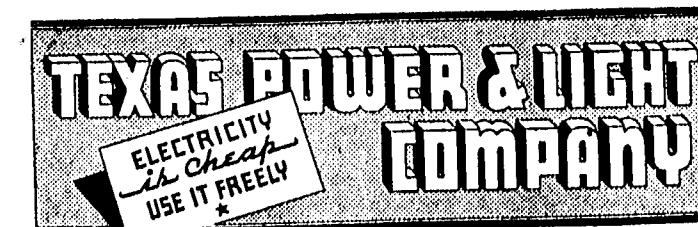

Outstanding debts: Current warrants—\$500, time warrants—\$145,505.27, bank balances—\$43,481.87, and sinking funds—\$48,811.20.

Henderson County.

Tax collections: Debt purposes—\$134,176.77, general purposes—\$176,760.85. Total—\$310,937.62.

Delinquent taxes: Last year—\$99,517.06, and from Dec. 31, 1919 to Aug. 31, 1935—\$160,462.26. Total—\$259,979.34.

Outstanding debts: Current warrants—\$67,124.40, time warrants—\$69,427.83, bonds—\$2,182,824, bank balances—\$33,131.62, and

RURAL BOYS AND GIRLS ARE AGAIN HEADED FOR CITIES

A. AND M. COLLEGE ECONOMIST FINDS FARM POPULATION DECREASING

COLLEGE STATION, Aug. 26.—Rural boys and girls again are looking in increasing numbers toward the bright lights of the city, Dr. C. Horace Hamilton, economist on the Texas Agricultural Experiment station, has found in a study of rural population trends. The United States as a whole showed a decrease in farm population in 1936 for the first time since 1929, and Texas saw her rural folk dwindle in number by nearly two per cent in two years. Rural births topped rural deaths in Texas by some 33,000 in 1936, but the farm-to-city movement outpaced the city-to-farm trend by 47,000 people, Dr. Hamilton's report showed. An additional 12,000 Texas farm folk also sought new pastures in other states. The city goes and the people moving to other states teamed together to tear down the state's efforts and left a decrease of 26,000 in Texas farm population for the year.

Dr. Hamilton increased use of farm machinery was responsible in part for the decrease but the largest single contributing factor probably was returning industrial prosperity, Dr. Hamilton found. The exodus from the farm was most pronounced, in general, in West and Central Texas. Southern and Eastern portions of the state, particularly the Rio Grande valley area, picked up more rural citizens than they lost.

Noting that the farm birth rate is falling about one per cent a year, Dr. Hamilton said the supply of young people from the farms for growing cities will not be as great in the future as in the past. Certainly no increase in the Texas farm population is likely within the next few years, he added.

Texas' farm population totaled 2,280,700 on Jan. 1, 1937, Dr. Hamilton estimated, a loss of 61,673 since the 1930 census figure of 2,342,373 and a loss of 26,000 since the estimate of 2,316,700 made by the Bureau of Agricultural Economics, United States Department of Agriculture, for Jan. 1, 1935.

Eight Lodges to Be Represented Masonic Meeting in Athens

ATHENS, Aug. 26.—Eight Masonic Lodges will be represented at the special meeting to be held here Tuesday night when the Master's Degree will be conferred on Guy Smith of Athens.

Ham J. Helm of Corsicana, widely-known Masonic leader, has been asked to confer this degree. Refreshments will be served at the close of the program.

Lodges joining in this meeting are Athens, Corsicana, Malakoff, Palestine, Mabank, Kerens, Eustace and Kemp.

Fresh Flowers BEAUTIFUL BOUQUETS FOR HOSPITALS

Special fresh flowers for all occasions, are here to fill your orders at all times. Whatever your selection and flower designing, as we are experienced florists.

MRS. BURSON AND PEARSON 1908 W. 4th Ave. Phone 288 WE DELIVER.

Western Ace

The crushing of a ruthless band of outlaws who have put him on the "spot" is the exciting task required of Buck Jones in the Universal feature, "Black Aces" which opens at the Ideal theatre Friday.

Falsely accused of a murder committed by the Black Aces, a mysterious ring of blackmailers and killers who have terrorized the countryside, Buck is forced to round up the gang to save his own neck. Unless he can bring the real criminals to justice he faces being tried and hanged for murder.

How the battles against overwhelming odds makes a thrilling drama, packed with mystery, suspense and rip-roaring action.

News of County Home Demonstration Clubs

White's Chapel. Plans for a booth at the county fair were made with all warlike and ex-warlike demonstrators on the committee.

A report from the monthly council meeting was given by Mrs. M. L. Spurlock. A vote was taken to have our annual club picnic at the city park in Corsicana on Friday August twenty-seventh. All members are urged to come and bring a well filled basket.

The hostess, Mrs. Frank Merrill assisted by Mrs. W. N. Hamilton, survey ice cream and cake to about thirty members and several guests.

—Reporter.

COTTON CLASSING ACT TO AID DRIVE FOR IMPROVEMENTS

COLLEGE STATION, Aug. 26.—(Sp.)—The drive for improvement in the quality of Texas cotton will be aided in 1937 by the terms of the cotton classing act.

E. A. Miller, agronomist of the Texas Extension Service, believes. The act was passed by the present Congress and signed by the President on April 13 of this year.

Designed to correct the "hog round" system of cotton buying, the act requires that the Department of Agriculture, upon request from any group of producers organized to promote the improvement of cotton, determine and make promptly available to the producers information on the quality of any cotton they produce.

The act, as explained by Miller, also provides that the Department of Agriculture shall collect and publish timely information on the market prices of the various classes of cotton. Information on the current prices for grades and staple lengths of cotton will be posted at gins and other public places in cotton growing communities.

When the services provided by the new act are started, samples will be sent to the Department of Agriculture for analysis. Miller indicated that growers should receive their classing turnout within four days after ginning.

There are now 51 organized one county committees, involving approximately 3,000 farmers, in the state, according to Miller. He also estimated that some 2,000 Texas 4-H club boys have been trained in groups for the production of quality cotton. On the basis of the interpretation of the act, these farmers and club boys will be in a position to take advantage of the services outlined in the cotton classing act.

COTTON CROP

(Continued From Page One.) production was 39,000. Insect damage this year was lighter than last year. Prospects were reported above normal in falls, Williamson, Milam and McLennan counties. At Waco all employable farm families had been removed from the relief rolls to help gather the cotton crop.

The Harris county crop was good, August twenty-seventh. Last year, with a 35 per cent increase in production in prospect. The county's yield was estimated at 15,000. County Agent Dan Clinton said ginning was ahead of last year in the Houston area.

Houston port receipts reflected a picture of conditions more or less indicative of the state at large. Cotton receipts were 74,295 this season as compared with 13,184 bales at the same time last year, exports, however, were trailing last year's, 14,332 this season as against 24,725 last year, which brought stocks in Houston to 278,036 bales.

Jefferson county's cotton crop was about 70 per cent normal and about 25 per cent of it had been picked, according to reports from County Agent Joe F. Combs at Beaumont.

Navarro County Crop. Further up in East Texas, Corsicana reported 1,122 bales ginned this season as against 539 last season. Estimated production for Navarro county was 75,000 bales as compared with 61,000 last season. Light rains helped mature the crop there, but precipitation was not considered enough to produce a top crop.

At Paris County Agent A. L. Edmonson said Lamar county prospects were for its normal 50,000-bale crop. Grayson county's crop, according to estimates at Sherman, was the best since 1927, with last week's rains helping to mature bolls. The prospective yield was estimated at from 50,000 to 65,000 bales.

In Dallas, Gus W. Thomason, WPA district director, said that two WPA board projects in Van Zandt county had been suspended to provide 102 additional cotton pickers for that area of East Texas. Other projects will be closed as conditions warrant, Thomason said.

In the West Texas area, San Angelo reported that light rain fall during the past four days had helped fruition, cancelling damage by shedding. Prospects were for normal production from an unusually heavy acreage. The yield for Tom Green county was estimated at 22,000 as compared with 13,000 last year and 18,000 in the peak year, 1932. Picking was getting under way and was expected to be in full swing in 15 days. No need for outside labor was felt. J. W. Doak, assistant county agent, said crop prospects also were normal for nearby counties such as Sterling, Schleicher and Irion counties, although normal production in these counties is not heavy.

Prospect Good. Abilene reported Taylor county had prospects for the best cotton crop in five years, with an estimated yield of 30,000 bales from 120,000 acres, an increase of 9,000 bales over 1936. County Agent Knox Parr said acreage this year

TEXAS GENERAL REVENUE FUND DEFICIT AROUND \$10,000,000; ADDITIONAL REVENUE NEEDED

(Editor's Note: This is the first of a series of three articles on the state's financial condition and the problems facing the legislature at its approaching (taxing) session.)

AUSTIN, Aug. 25.—(P)—The Texas general revenue fund went a little deeper into the "red" during the fiscal year ending this month but Gov. James V. Allred believes it is high time for the much-discussed deficit to begin a decline.

Allred will call a special session of the legislature next month to raise revenue. The deficit, now around \$10,000,000, is certain to continue climbing unless the lawmakers impose substantial additional taxes or effect rigid economies because contemplated expenditures for the 1937-38 biennium are many millions higher than those for the current two-year period.

Costs of the state government almost doubled in the past decade. The comptroller's report for the 1935-36 fiscal year showed total expenditures of \$125,069,992 compared with \$66,381,070 ten years earlier.

The outlay for highways showed the greatest gain. It amounted to \$33,705,688 last year compared with \$10,983,351 in 1926. Educational costs did not grow in proportion to other increases. They aggregated \$43,271,051.31 as against \$29,746,855 in 1926-26.

Forty-seven per cent of the state's dollar last year went to highways and 34.4 cents to education. Five and six-tenths cents went to confederate pensions, old age pensions and relief.

Most of the rest of the dollar was expended as follows: Eleemosynary and correctional, 5 cents; judicial, 1.7; executive and administrative, 1.9; military and law enforcement, .7; regulation of business and industry, 1.5; conservation of health and sanitation, .4; development and conservation of natural resources, 1.8; parks and monuments, 1.4; and payment on public debt, 2.4.

Comptroller George H. Shepard estimated the general fund deficit would be nearly \$11,000,000 at the end of this fiscal year compared to \$9,255,002 at its start. Unless additional taxes are levied, estimates indicate it will be \$17,375,578.59 Sept. 1, 1938.

If the state could collect all the delinquent taxes on its books, the general fund deficit would be cut more than half. The comptroller estimates that the amount of delinquencies materially less.

Delinquent tax collections from July 1, 1935, to June 30, 1936, amounted to \$2,417,739 whereas \$3,895,931 in taxes became delinquent in the same period. Shepard says collections have been greater this year and the amount of delinquencies materially less.

Dr. Douglas Hudgins brought an outstanding message last evening on "The Sin of Silence," taking his text from II Kings 7. At the close of his sermon he called for a reconsecration service and many Christians came forward. One joined the church by letter and one by baptism at the close of this service. The special music last evening was a violin quartet, composed of Mrs. J. K. Wood, Dorothy Hopkins, Ruth Brown, and Lydia Lynn Wood. There was a splendid crowd present, with 89 juniors and intermediates in the "Chrysler-Chevrolet" chorus.

Dr. Hudgins talked on "Prayer" yesterday morning, and Mr. Wooten sang "God's Way" with the congregation joining him on the chorus. The morning attendance has been fine this week. One joined the church by statement in this service.

There was a goodly number present for the prayer meeting last evening. These meetings will be held at 7:30 instead of 7:40. The Sunday school officers and teachers are meeting with Mr. Wooten in the parlor; the young people are meeting with Dr. Hudgins in the Young Adult department. The men are meeting with Rev. Miller in the Pals Class room; and the women are meeting with Mrs. Guy Love in the Young Peoples department.

J. S. HALLEY IS NAMED HEAD STATE HOME SIXTH TERM

INSTITUTION MADE GREAT PROGRESS UNDER HIS SUPERVISION

Announcement of the re-appointment of J. S. Halley as superintendent of the State Home here was made by the state board of control Wednesday.

Mr. Halley has served 10 years and will start his sixth two year term on September 1. He has served under four governors, Dan Moody, Mrs. M. A. Ferguson, Ross Sterling and James V. Allred.

The Home has been practically rebuilt since Mr. Halley assumed management. Included in the new buildings are the dining hall and kitchen, quarters for the teachers, power house, ice plant, laundry, dairy barn, mule barns, football stadium, superintendent's home, several cottages and a swimming pool. The old dining hall has been turned into a dormitory and almost all of the other buildings have been remodeled and redecorated.

Plans for construction of a new gymnasium in connection with the new swimming pool are now being perfected. Other buildings are also being planned and will be constructed as needed.

There are now about 700 children in the Home. The peak of 900 was reached a few years ago. There were approximately 500 in the institution when Mr. Halley became superintendent.

The faculty is composed of 32 teachers including vocational and music teachers. There are 66 other employees at the institution exclusive of the superintendent.

More of the members should attend these services, and are urged to do so.

Those who have not been attending the revival services are depriving themselves of a great privilege, for Dr. Hudgins is one of the most interesting and inspiring preachers in the South, and Mr. Wooten is outstanding as a song leader and choir director. The public is cordially invited to the services.

Sing-Song Will Be Resumed on Friday Night Court House

The sing-song at the courthouse, which disbanded through the summer, will resume their regular Friday night meetings, Friday night, Aug. 27. Robert S. Arnold and his quartet from Fort Worth have signified their intention of being present at this time. An overflow audience is anticipated for the opening program.

STUDENTS OF STATE HOME DEMONSTRATE FOR J. S. HALLEY

The students of the State Orphan Home, Corsicana, took over the campus last night and staged an impromptu celebration in honor of Mr. Halley when the news of his reappointment for another term was read in the Corsicana Sun.

The senior girls acted as a self-appointed pep squad as they paraded the campus and led in the cheering and singing. Not to be out-done, the boys found some fireworks which added brilliancy to the noise.

From time to time groups would gather on the lawn of the superintendent's home and sing, "Happy Days are Here Again," "For He's a Jolly Good Fellow," and "We Love You, Mr. H-a-l-l-e-y."

The demonstration which began at supper time and last long past the regular bedtime, ended with nine Raps for Mr. Halley and nine for the Board of Control.

SANTANDER FALLS INTO HANDS REBEL FORCES OF SPAIN

LAST REMAINING GOVERNMENT STRONGHOLD NORTH-WEST SPAIN SURRENDERS

HENDAYE, Franco-Spanish Frontier, Aug. 25.—(P)—A flying column of insurgent Generalissimo Francisco Franco's motorized cavalry drove into fallen Santander today to plant the red and gold Spanish insurgent banner on public buildings.

Entry of the conquering troops came only as a matter of minutes after the insurgent high command announced that government officials had surrendered the city—the last important government stronghold on the North-west Spanish coast.

Fall of the city climaxed a "big push" which started August 9. The drive was the decisive of an insurgent campaign to rid North-western Spain of government forces and release masses of insurgent legions for a decisive offensive against Madrid.

HENDAYE, Franco-Spanish Frontier, Aug. 25.—(P)—Insurgent officials today announced the surrender of the city of Santander, the last important government stronghold on the North-west Spanish coast.

Advances from insurgent field headquarters said government authorities in the city officially handed over a notice of surrender.

Then insurgent motorized troops casually drove ahead to enter the outskirts. Late this afternoon a small detachment was only three miles from Santander proper.

Fall of the city was hastened by street fighting. Santander's civil guard, a part of its police, and some of the civilian population rushed government troops, demanding immediate capitulation to insurgents.

So swift was the insurgent advance that 5,000 government militiamen were believed caught in a pocket formed southeast of the city by onrushing insurgent troops.

Insurgent commanders announced that all 15,000 government troops remaining in the city submitted to the decision to surrender.

Control of the city gave insurgent forces virtually complete control of the northeastern part of Spain. The drive to conquer the entire Biscay coast started last September with the fall of San Sebastian and Irun.

With the fall of Santander the insurgents have only a small slice of territory to the west to capture before they can complete domination of the northern coast.

Revolt of insurgent sympathizers within Santander, insurgent reports said, paved the way for entrance of the conquerors, who had advanced for days in the six powerful columns and joined forces yesterday for a final direct assault.

Jose Antonio De Aguirre, president of the Basque republic, arrived in Hendaye, France, with other members of his government who had fled from the city. They had gone to Santander shortly before insurgents captured Bilbao.

DEFENDERS OF CITY COMPLETELY CUT OFF

With insurgents attacking Santander, Aug. 25.—(P)—One hundred thousand insurgent soldiers held Santander in a pincerlike trap today. The city's defense forces—50,000 or more Spanish government troops—were cut off from all retreat, with their backs to the Bay of Biscay.

Advance patrols of Generalissimo Francisco Franco's conquering legions were within five miles of the city, with their backs to the Bay of Biscay.

A column of Navarre Requetas (Carlists) flooded into Torrelavega during the night and early morning, and closed Bareda junction point on the only road from Santander toward the last government refuge in northern Spain, Oviedo province.

The "Navarros" found the important manufacturing and potash mining city defenses weak and promptly moved in behind three lumbering tanks. The capture of Torrelavega virtually ended the campaign, Franco's commanders said.

Five other columns, now welded

OFFICIALS OF RED CROSS REPORT NEED \$1100 IMMEDIATELY

ALL CASES OF STORM VICTIMS HAVE BEEN CAREFULLY INVESTIGATED

Officials and members of the Navarro County Red Cross chapter were faced with a deficit of some \$1,100 Tuesday as caseworkers who aided in the investigation of the condition of 199 families affected by the recent hail and wind completed their final reports and prepared to leave the city.

Only \$140 in contributions were received over the week-end and were credited to the McKee Lumber Co., Stroube and Stroube and S. J. Miles, bringing the total to \$8,466.75, including \$7,000 sent from national headquarters of the relief organization.

A final meeting of the awards committee was held this week and the cumulative report showed that something over \$8,400 had been awarded to the various cases after they had been carefully investigated and their needs determined.

Ferguson Returns. Ted B. Ferguson, disaster relief chairman, returned to the city late Monday and immediately began efforts to complete the list of contributions. Chapter workers who have been active since the storm first struck asserted that they were both hopeful that several communities would contribute to the relief fund.

Rice, Kerens, and Eureka are the only communities who have participated in the assistance according to available reports.

The final report of Miss Frances Blackburn, caseworker in charge of the storm area, showed a total of 199 applications for assistance and awards to 134. All families were given maintenance assistance such as food and clothing; 47 received awards for rebuilding.

Into a solid, semi-circular ring, moved toward the tottering city from other directions, ready for a final triumphal push through its gates.

What little aviation facilities the defenders had fronted by starting pulling out days ago and a column of Asturians from Oviedo province, who had fought stubbornly to resist the insurgents, escaped over the bridge across the Biscay estuary before the attackers shut the only outlet westward from Santander province.

Franco's communiqué said huge stocks of oil were seized in Torrelavega. The Navarre column found the city already decorated with insurgent flags, the high command reported, and there was "wild enthusiasm" among the residents.

MADRID, Aug. 25.—(P)—Madrid-Ilencos cleared away the debris of a brief but deadly artillery bombardment today while the newspaper El Socialista, organ of the Socialist party, called for a Spanish government diplomatic "offensive" abroad.

"If we are greeted with indifference or hostility that is the more reason to insist on such a diplomatic offensive," the newspaper said.

Ten persons were reported killed and 25 wounded in last night's half-hour shelling, the first to hit the beleaguered city for 18 days. Hundreds of projectiles crashed into the center of Madrid.

Government guns returned the insurgent's fire.

A defense ministry communiqué "gained much ground and command government columns there, plied cut communications linking Huesca and Saragossa," capitals of two Aragon provinces and important insurgent bases.

SALAMANCA, Spain, Aug. 25.—(P)—Gen. Francisco Franco, the insurgent chief, in a blunt communiqué apparently aimed at Great Britain and other neutral powers, threatened today to continue his campaign against ships aiding the Madrid-Valencia government.

"Nationals anxious about the prestige of their flags must be most interested to see that the seas are cleared of his band of undesirables," the communiqué said.

Coming to Palace

Edgar Bergen and "Charlie McCarthy," current sensations of the air and one of the most popular novelty acts in recent years to take the fancy of radio listeners, may be seen on the screen as the stars of "Double Talk," newest of the Vitaphone screen short subjects. Most noviticians, who listen to broadcasts, have heard the Bergen-McCarthy comedy on the program with W. C. Fields and Don Ameche and are familiar with the fact that Bergen is a ventriloquist and that "Charlie McCarthy" is his dummy. This however, only adds to the fun when the two are seen in pictures, because Bergen's ability as a ventriloquist heightens the effect of "Charlie's" comedy.

At the Palace starting Saturday night and running through Tuesday.

of homes or necessary repairs; 72 awards for household goods were made; and one livestock award, totaling slightly more than \$8,400.

Followed by Misfortune. All luck that caught up with one negro farmer in the Tupelo area continued to follow him afterward, caseworkers reported. A small award had been made to him for household goods and he was carrying some dishes and a small piece of furniture home in a wagon when the vehicle was struck by an automobile, all the dishes and furniture were demolished and the farmer injured, and he himself battered considerably. Another small award was made to the negro following his second misfortune.

Miss Blackburn complimented the spirit of the storm victims highly declaring that most of them had shown every inclination to help themselves in every position. She especially mentioned work done in the Tupelo community where residents secured such equipment as was available and succeeded in restoring their dwellings to their blocks and making other possible repairs without expense to any one except their efforts.

ALL AMENDMENTS BUT ONE APPEARED TO HAVE CARRIED

AUSTIN, Aug. 24.—(P)—Returns today to the secretary of state showed commanding majorities for all constitutional amendments except that authorizing restoration of the fee system of paying local officers.

Citizens recorded majorities of more than two to one for proposals authorizing the legislature to aid the adult needy blind and dependent children and permitting counts up to 3 per cent for prompt payment of property taxes.

Amendments relieving state bank stockholders of double liability and permitting Harris county to adopt a pay-as-you-go road building plan held apparently safe.

The vote was the lightest in years, much smaller even than in the "off-year" elections in 1933 and 1935.

A majority of those voting showed unwillingness to return to the fee system which the people abolished a short two years ago. The ratio against the proposal was approximately 3-2.

Governor James V. Allred issued statements favoring the fee system amendment but admitted last week there appeared little chance of its adoption. Many large newspapers opposed it.

Claude D. Teer, chairman of the board of control, said aid to needy children and the blind could not be started until the legislature made an appropriation. The lawmakers will need to raise an estimated \$1,750,000 to support the two programs.

Less Than 100,000 Votes Tabulated

PALLAS, Aug. 24.—Belated returns from Monday's special election indicated no change in the results shown by Monday night's total. The amendment making possible a return to the fee system was defeated and the other five carried. The total vote promises to be around 125,000, the smallest cast in a state election in 20 years.

Returns at 1 p. m. from 204 counties, 19 of them complete, and accounting for 80,258 votes, follow:

Bank Liability—For, 51,486; against, 25,677.
Aid for Children—For, 56,141; against, 23,740.
Salary System—For, 33,472; against, 45,401.
Tax—For, 50,510; against, 19,490.
Harris County Road Plan—For, 42,663; against, 29,345.
Blind—For, 60,406; against, 19,852.

Missing Chicago Baby Found Alive Returned Mother

CHICAGO, Aug. 24.—(P)—Missing Diane Carol Lucas, three months old, was found alive today in the rear of an apartment house three miles from where the girl was reported kidnapped in a busy uptown shopping district.

Wrapped in a white blanket, the baby was nestled on a doorstep near an alley. A squad took her immediately to the Rogers Park police station.

Mrs. Dorothy Lucas, 26, identified her daughter. The baby was snatched from a carriage yesterday as Mrs. Lucas left it on the sidewalk while she shopped in a grocery store in the Wilson avenue district.

NAVARRO COUNTY FARMERS ARE LEADING STATE IN PAYMENTS FOR 1936 SOIL CONSERVATION

COLLEGE STATION, Aug. 25.—(Sp.)—Navarro county farmers led the state of Texas in receiving 1936 conservation payments according to figures recently compiled by the state offices of the AAA.

Texas farmers up to August 1 had received \$35,545,248.74, and of this amount \$582,955.23 has been paid to Navarro county farmers up to July 31, 1937.

Soil building payments were made for various practices on more than 4,700,000 acres of land in Texas. The state's land area is 187,034,720 acres. Planting of legumes and use of sod and grass as a soil-conserving crop led other practices, though terracing and contour cultivation together was a close second, the official figures disclosed.

Two types of payments were made for taking out of cultivation such soil-depleting crops as cotton and peanuts; and also for planting soil-building crops such as summer legumes and using approved better-land practices such as terracing and contouring.

Only five counties in the state received more than half million dollars in payments and the smallest payments were made to Crockett county amounting to \$703.

The five leading counties were Navarro with \$582,955.23; Williamson \$548,798.40; McLennan \$520,165.69; Nueces \$511,434.44; and Hale \$504,961.40.

Payments to other nearby counties included Anderson \$80,008.77; Ellis \$491,041.77; Freestone \$86,997.48; Henderson \$143,459.55; Hill \$484,088.44; and Limestone \$409,060.45.

February 14. The airline distance from Newfoundland was about 1,800 miles, but the bottle drifted a longer course.

England and France got bottles later. In July two of them reached Ireland.

Every bottle contained a card to be filled out with position and date of finding.

Ireland got six all told. The course followed by the bottles, Gillard said, was not toward Europe at first, but south with the cold current which flows from Labrador. This carried them to the "eastward drift," which is the name given the Gulf stream after it veers from the American coast toward Europe.

This drift is fan-shaped by the time it reaches Europe. Some of its courses northward toward Ireland. Other portions curve southward past France and Spain.

and profoundly distrustful of all banks.

Remains in Hotel Room. In 1931 it was found she had not stirred for two years from her room in the Herald Square hotel, where she lived surrounded by 40 trunks crammed with family relics, jewels, valuable books, silk and old lace worth hundreds of thousands of dollars.

A court declared her incompetent in 1931. A nephew, Otis F. Wood, appointed to care for her, disclosed the frail widow—she weighed only 70 pounds—f o r years had carried hidden in her dress paper bags containing \$900,000 in \$1,000 bills.

Friends said she told them of making a trip through Africa with \$700,000 in a brown paper bag tied night and day to her waist. Her guardian reported she sometimes covered the floor of her hotel room with \$500 bills.

Wood deposited her hoarded wealth in banks and moved her to a larger apartment. She died of heart disease and pneumonia.

The scramble over her fortune began when it was found her only will bequeathed her estate to her daughter and a sister, both dead.

Chambers Creek Bottom Cotton Won Prize at Barry

An exhibit of 20 bolls of cotton grown in the Chambers Creek bottom brought in by Jeff Harris won prize money of one dollar in a crop exhibit contest put on by the Barry Future Farmers Wednesday night. The purpose of the contest was to gather up exhibit material for their exhibits to be put up this fall.

Those attending the regular monthly meeting and taking part in the contest were Kenneth Williams, Henry Ray Nicholson, John Allen, Clyde Nicholson, Jeff Harris, George Pope, Wayne Watkins, Cecil Ray, Tom Lynch, Duell Allen, Buddy Brooks, Hansel Berryberry, Wayne Allen and Richard E. Burleson, advisor.

PRESIDENT STATES OBJECTIVE HAS NOT BEEN ABANDONED

FIRST PUBLIC STATEMENT ON MATTER SINCE PROGRAM WAS SHELVED

WASHINGTON, Aug. 25.—(P)—President Roosevelt served notice today that some reorganization of the Supreme Court remains an objective of his administration.

He made his first public statement on the court situation since congress shelved his demand to enlarge the high tribunal by one new member for each present justice over 70 who did not retire.

The statement came with a White House announcement that Mr. Roosevelt had signed a measure providing for changes in judicial procedure in the lower courts of the long and bitter fight over the court bill these proposals alone were retained and enacted.

The President said that the lower court bill "registers a moderate and limited advance into a field which calls for further and more complete exploration."

He listed as being "on the side of omission" the fact that the bill "leaves entirely untouched any method of relieving the burden now imposed on the supreme court."

This he then included as one of the objectives which he said "are of a necessity a part of any complete and rounded plan for the reform of judicial processes."

Benefits of Bill Passed. Enumerating what he considered benefits of the lower court bill, Mr. Roosevelt said one of its principal provisions was that "the attorney general shall be given notice of constitutional questions involved in pending litigation and to defend the constitutionality of the law of the land."

"No longer," he added, "must the government stand idly by, a helpless spectator, while acts of congress are stricken down by the courts."

He listed these other accomplishments for the bill: It checks the injunctive power of lower courts. It "tends slightly to relax" the present system of assigning judges within circuits to congested areas.

On the side of the "omission," the Chief Executive named these things as not being done by the bill: "It provides," he said, "no increase in the personnel of the lower courts—an increase confessedly necessary."

"It provides no effective means of assigning district judges to pressure areas."

"No Flexible Machinery." "It sets up no flexible machinery, with methods of administration readily adaptable to needs as they arise."

"It leaves untouched the crowded condition of the dockets in our lower courts."

"It does not touch upon the problem of aged and infirm judges who fail to take advantage of the opportunity accorded them to retire, resign, on full pay."

The President made no direct reference to the violent controversy which disrupted democratic harmony in the senate for many weeks in last session.

Some political observers pressed to see in this a guarded effort to avoid a militant revival of intra-party strife while at the same time notifying the opposition that the issue was not dead as some opponents have proclaimed.

There was a possibility the chief executive may give some further idea of his attitude in his speech here Sunday in celebration of Constitution Day.

Senator Hatch (D-N.M.) told reporters at least part of the President's unstated objectives would be investigated by the special judiciary committee named to study court reorganization possibilities.

The committee plans to investigate all such proposals with a view to recommending action at the next session of congress.

Most of the foes of the President's court plan were out of the city.

The lower court bill, making some revisions in lower court procedure, was agreed upon after defeat of the President's recommendation for an extensive reorganization of the judiciary.

Whereas he asked the power to appoint six new supreme court justices if those over 70 did not retire, the bill congress passed did not mention the high tribunal.

The 10-day deadline after enactment for the President to sign or veto the bill expired last midnight. The fact he waited until near the deadline to act and then delayed overnight the announcement of what he had done contributed to building up the keen interest.

MUSKOGEE, Okla., Aug. 24.—(P)—Mike Murphy, veteran engineer for the Katy railroad, died at the throttle today.

Murphy, a resident of Denison, Texas, appeared in good health when he brought his train, the M. K. T. Bluebonnet, to a halt here shortly after midnight.

Eut near Tishka, in Atoka county, death struck suddenly as Murphy's hand gripped the throttle.

C. L. Haron, fireman, also of Denison, said he stopped the train and put the body in the baggage car. Passengers knew nothing of the incident. Haron then piloted the train on in to Denison singlehanded.

Murphy had been a Katy employee for 30 years. Cause of death was not determined immediately.

President Signs Joint Resolution On Farm Program

WASHINGTON, Aug. 25.—(P)—President Roosevelt, the White House announced today, has signed the joint resolution under which congress pledged itself to consider crop surplus control legislation at the outset of the next session.

The President had exacted this pledge in return for a promise to make federal loans on the large 1937 cotton crop designed to stabilize the price.

Continuation of loans on surplus crops, he has said repeatedly, must go hand in hand with measures to control production.

No decision has been made as to the amount of the new cotton loan. Secretary Wallace has urged a loan of 9-cents a pound, while cotton states senators want it to be 10 cents.

REINSTATEMENT OF WAGGONER REFINERY EMPLOYEES IS URGED

FORT WORTH, Aug. 25.—(P)—Reinstatement of discharged employees of the Waggoner Refining Company and the W. T. Waggoner Estate is recommended in an intermediate report of Trial Examiner Tifford E. Dudley of the national relations board made to Edwin A. Elliott, regional director of the board.

Elliott said the report will be forwarded to the board at Washington for final action. R. G. Cocanower, manager of the Waggoner Refinery, stated at Fort Worth, where the examiner held a trial several weeks ago, that Waggoner attorneys are briefing the case and will file exceptions to Dudley's report and later appear before the board at Washington to present oral arguments.

The complaint was the International Association of Oil Field, Gas Well and Refinery Workers of America. It was charged that the defendants had discharged 17 men because of union affiliation and had refused to reinstate them. The union also charges that the company refused to bargain with its representatives as the collective bargaining agent of the employees.

Dudley also recommended that an election be held to determine what unit shall be the collective bargaining agent for the employees.

\$26 Veteran Katy Engineer Dies At The Throttle

MUSKOGEE, Okla., Aug. 24.—(P)—Mike Murphy, veteran engineer for the Katy railroad, died at the throttle today.

Murphy, a resident of Denison, Texas, appeared in good health when he brought his train, the M. K. T. Bluebonnet, to a halt here shortly after midnight.

Eut near Tishka, in Atoka county, death struck suddenly as Murphy's hand gripped the throttle.

C. L. Haron, fireman, also of Denison, said he stopped the train and put the body in the baggage car. Passengers knew nothing of the incident. Haron then piloted the train on in to Denison singlehanded.

Murphy had been a Katy employee for 30 years. Cause of death was not determined immediately.

Regarding the discharged me he recommended that Gilbert Birdsall, Don B. Alsop and J. Phipps be reinstated and compensation be paid them from time of discharge to time of re-employment.

He further recommended that W. H. Fowler, E. E. Benthams, J. C. Mize, H. E. Sites, Orlan Riggs, A. J. Welles, A. T. Marshall, M. M. Thomas, D. W. Sites, J. P. Holton and M. B. Martin be reinstated to their former jobs as day laborers without discrimination as to hire and tenure.

Dismissal of the complaint as to Glenn Bryant and W. T. Webb was recommended by Dudley.

\$26 Veteran Katy Engineer Dies At The Throttle

MUSKOGEE, Okla., Aug. 24.—(P)—Mike Murphy, veteran engineer for the Katy railroad, died at the throttle today.

Murphy, a resident of Denison, Texas, appeared in good health when he brought his train, the M. K. T. Bluebonnet, to a halt here shortly after midnight.

AUSTIN CAPTURED FOUR LOVING CUPS LEGION CONTESTS

CHOOSING CONVENTION CITY AND ELECTION OFFICERS LATE TUESDAY

SAN ANGELO, Aug. 24.—(P)—Austin captured four of the five loving cups offered by the American Legion in annual competition in awards announced this morning. The capital city this afternoon expected to climax its successes by winning the next convention.

Cups won by Travis Post 76 at Austin were for the championship drum and bugle corps, for the most versatile entertainment, for performing the most outstanding community service during the year and for having the championship baseball team which went to the regional meet at New Orleans.

With J. Fred Johnson, Jr., grounded at Washington, C., last night, the Rev. Bryan Keathley of Mineral Wells, national chaplain, made the principal address this morning.

Final action on resolutions, selection of the next convention city, determining a contest between Austin and Texarkana—and election of officers comprised the principal business at the closing session this afternoon.

Dr. W. J. Danforth of Fort Worth and Charles A. Osborn of Dallas were expected to be the only candidates nominated for commander.

Pat La Touche of Houston, offered earlier as a dark horse candidate, was to withdraw, it was generally understood.

Rehabilitation and employment problems held the stage at the morning session today of the American Legion, Department of Texas, convention here. H. Miller Alsworth, Luling, member of the national rehabilitation committee, acted as chairman as discussions were given by Wynn Goode of Austin, department service officer, George C. Betts of Austin, state service officer, and others.

J. Fred Johnson, Jr., of Florence, Ala., national vice commander, was to speak late this morning and the feature address this afternoon will be that of the Rev. Bryan Keathley of Mineral Wells, national chaplain.

A troublesome resolution, carried over from several previous conventions, and on which a compromise was reached by a special committee here, is that providing for the organization of negro posts of the Legion. It is to be acted on by the convention this afternoon.

The compromise provided for sponsorship of such posts voluntarily by the white local posts but the negro veterans would have no voice in local, district or division organizations.

Dr. W. J. Danforth of Fort Worth and Charles A. Osborn of Dallas went into the finals of the convention contest over selection of a department commander. Pat La Touche of Houston was reported this morning to have withdrawn from the race.

Austin was accorded a virtual clinch on selection as the next convention city. Texarkana was putting in a strong bid, however, with a proposal for a tri-state—Texas, Arkansas and Oklahoma—convention in 1938.

Busy Schedule For Tuesday's Session

SAN ANGELO, Aug. 24.—(P)—The problems of selecting a commander and next year's convention city were before the convention American Legion convention today.

Three men, all outstanding in Legion affairs, were boomed for the first post, and Austin and Texarkana vied for the honor of entertaining the ex-service men next year.

Action on these items was the principal business of the day. Proponents of Charles A. Osborn of Dallas, Dr. W. J. Danforth of Fort Worth, and Pat La Touche of Houston waged spirited campaigns calculated to land their men in the commander's job.

Yesterday the Legionnaires, fifteen hundred strong, marched down crowd-thronged streets to

No More Mothers

Helen Greene

Following protests of other entries at selection of Helen Greene as "Miss Washington, D. C." for the national beauty pageant at Atlantic City because she was a divorced mother, judges ruled that mothers will be barred from the contest in the future.

the martial music of 1917-18. Governor James V. Allred, Bob Sissons, Arkansas commander, Drury Phillips, Texas commander, and Mayor Dotsey Hardeman, led the parade.

The Coleman band, official West Texas Chamber of Commerce unit, headed the music makers, and bands from New Braunfels, Austin, and the lower Rio Grande valley, 40 and 8 drum and bugle corps, participated.

As one of the days principal speakers Governor Allred had reiterated his recent pronouncements against mob rule, appealing to members of the organization to bulwark freedom of the press, speech and assembly.

Other speakers were Attorney General William McCraw, and Railroad Commissioners Ernest O. Thompson and C. V. Terrell.

Compton won first place money of \$175 and an all expense trip to the National convention in New York in the drum corps contest last night. Cameron county corps took second prize of \$150, and Comal took third prize of \$75.

Compton "Tall Tale" Winner.

SAN ANGELO, Aug. 24.—(P)—"Who won the war?" a "tall tale" by H. E. "Oltra" Compton, Abilene novelty salesman, was awarded first place this morning in the San Angelo Standard-Times tall tales contest as a feature of the 1937 state convention of the American Legion. It carried a prize of \$150.

Norman B. Taylor, Denver, Colo., but a native of San Angelo, won second place and \$75 with a story entitled "Nasible Watson." The third prize of \$25 was won by Hayden McClung of Kingsville with a story called "Red Smith."

Compton won with a story that rivaled the cat without a tail, the ship without a sail, for he was the soldier "Who won the war without a gun."

CONGRESSIONAL OPPONENTS OF ROOSEVELT REORGANIZATION OF GOVERNMENT PLAN HUNT DATA

WASHINGTON, Aug. 24.—(P)—Congressional opponents of President Roosevelt's government reorganization plan already are collecting new ammunition to use against the proposal which may furnish one of the major controversies of the next session.

Senator Byrd (D-Va.) has begun a recess study of federal agencies, to prepare a new campaign against the President's version of what should be done toward reorganizing federal bureaus.

The Virginia senator, chairman of a special senate committee on reorganization, charged that the President's recommendations would concentrate too much power in the hands of the executive and would effect no real economies.

Senator Clark (D-Mo.) joined him, asserting they were "as bad as the court plan" and ought to be rejected.

Byrd's committee has \$15,000 left out of \$55,000 expense allotment with which to make its studies.

Administration forces in the senate have answered Byrd by contending that under the President's plan economies would follow improved efficiency as a matter of course.

The President's plan was drawn up by a special committee of the Senate, which he named joined with the Byrd committee

GROUP OF INFLUENTIAL HOUSE MEMBERS STRONGLY OPPOSED TO PROGRAM FOR SPECIAL SESSION

WASHINGTON, Aug. 24.—(P)—A group of influential house democrats expressed strong opposition today to a special congressional session of the fall on the grounds it might increase party dissension.

One leader who preferred not to be mentioned by name said "no practical good and maybe some harm" would come from a special session on farm and wage-hour legislation. He said he and others of the same view would so advise President Roosevelt before leaving the capital.

He argued time was needed to allow heated tempers to cool and that it would be poor policy for the President to run the risk of reopening party strife in October or November.

Many members, he said, might feel none too kindly toward the administration and its legislative program if they were summoned back to the capitol on the grounds of building political fences for next year's election.

To the contention that action on a farm bill and wage-hour measure in the fall would permit shortening the regular January session, this party chieftain retorted that a special session would not mean "taking 15 minutes off the regular session."

Some house members nevertheless said they would prefer to have the farm and labor standards issues disposed of in a special session, and talk persisted that the President would call one.

Rep. Miller (D-Ark.) said he thought a special session might be desirable.

Miller Walked to the President yesterday and predicted afterwards that Mr. Roosevelt would announce in a few days whether he will call one.

Speaker Bankhead at Birmingham predicted yesterday the session would be called.

White House yesterday asserting he favored a special meeting and several legislators who have seen Mr. Roosevelt in the past few days indicated he would not give time was considering the possibility strongly.

Jones Wants Views.

WASHINGTON, Aug. 24.—(P)—Chairman Jones (D-Texas) said today he had asked members of the house agriculture committee to seek by personal interview from farmers in their areas the views on the general farm legislation.

Jones released his statement after calling on President Roosevelt. There are 25 agriculture committees from 35 many states. Jones said members planned to return to the capital a month in advance of the next session with a view to having farm legislation ready for consideration soon after congress meets. The farm bill is the first item on congress' program for next session.

Major farm organizations have been asked to submit their recommendation for a farm bill and some already have done so, Jones said.

PLAN TO SUBSTITUTE TURKEY FOR EAGLE AS NATIONAL BIRD IS REVIVED; FRANKLIN FAILED

By EDDY GILMORE.

WASHINGTON, Aug. 24.—(P)—The bureau of biological service refused today to gobble up the current proposal to change the national emblem from the eagle to the turkey.

"I understand," said the bureau's Col. H. P. Sheldon, "that there's considerable support to the movement. However, Benjamin Franklin couldn't swing it in 1784, so I wonder about prospects for 1937."

Franklin's turkey-trade was bagged high in the files of the library of congress.

"For my own part," he wrote in high dudgeon, "I wish the eagle had not been chosen as the representative of our country; he is a bird of bad moral character, he does not get his living honestly."

Flying into a character analysis of the national bird, Poor Richard accused him of: Cowardice.

And—of retreating in fights before the king bird.

"For in truth," he continued, "the turkey is in comparison a much more respectable bird and a truer original native of America."

And then:

"He is a bird of courage and would not hesitate to attack a grenadier of the British Guard who should presume to invade his farm with a red coat on."

The turkey-for-the-eagle movement got its revival in New York and received official impetus here when Rep. Collier (D-NY) introduced he might introduce a bill in the next congress favoring the change.

Saying he was overwhelmingly for retaining the eagle, Sheldon pointed out that the turkey—Benjamin Franklin notwithstanding—couldn't stand the white light of publicity in a courage test.

"After all," he said, "one of the turkey's outstanding characteristics is the speed with which he runs away."

Personal Mention

Of Kerens Folk

KERENS, Aug. 25.—(Sp.)—Meadames A. H. Youngblood, E. F. Bain, Lee Couch and Kate Hillard were Corsicana visitors Tuesday.

Mr. and Mrs. Owen Sherrill of Georgetown are here for a visit with relatives.

Rev. and Mrs. M. O. Cheek spent Tuesday in Maclin with their son who is in one of the sanitariums.

Miss Joan Seale is a guest of Miss Mary Lois Seale in Corsicana this week.

Mrs. Lula Sherrill returned today from Dallas where she was the guest of Charles, Knox and Dorothy Sherrill.

Howell Briester was a business visitor to Dallas Monday.

INITIAL ACCIDENT TO GIANT FLYING BOATS IS COSTLY

SAN DIEGO, Calif., Aug. 24.—(P)—Disaster—for first time—struck the navy's armada of giant flying boats last night, sending a new \$150,000 plane crashing in San Diego Bay, where early today rescuers hunted the bodies of its dead.

Six men, including three officers of a crew of eight were killed, the others injured, when the plane fell.

Hull submerged in shallow water, the wreck was quickly surrounded by navy and private ships as giant searchlights illuminated the bay.

The dead, four of whom were believed still trapped within the plane, were listed as: W. C. Day, Jr., lieutenant, junior grade; W. M. Freashour, lieutenant, junior grade; R. Fall, aviation chief machinist's mate; R. M. Purdy, radioman, second class, and H. K. Bryan, radioman, third class, naval aviation pilot.

Lifted out of the hull and rushed to naval hospital, two survivors were treated for injuries. J. W. Blackman, aviation ordnance man, second class, was only slightly hurt. T. P. Dougherty, aviation machinist's mate, third class, suffered severe shock and multiple lacerations.

The ill-starred plane, PB-1, whose sister flying boats have flown in mass formation to Honolulu and the Canal Zone in the past two years, was undergoing a "routine night practice flight" for a forthcoming hop to Panama.

Struck Abandoned Whaler.

As it swooped down for a landing after being in the air several hours, the seaplane struck the Norwalk, an abandoned whaling ship once used in filming "Moby Dick."

The 63 1-2 foot hull of the flying boat nosed over in the bay mud, crushing its metal framework like paper.

Only the bottom of the fuselage and the two wing pontoons showed above the water.

In desperate haste to extricate the victims, three of a crew of 175 navy men were impelled by a sudden fire, started when sparks ignited spilled gasoline.

The trio jumped into the bay and were pulled out again after fellow searchers extinguished the flames.

After the fire, a body, the second to be found, was taken from the wreckage. His legs caught in twisted metal, the dead flyer was waist deep in the water.

Lieutenant Day, 38, was born in Oregon and appointed from that state to Annapolis naval academy. Lieutenant Wallace, 28, and Lieutenant Freashour, 28, were natives of Ohio and Annapolis graduates.

Official List of Dead.

WASHINGTON, Aug. 24.—(P)—The navy department announced today an official list of the dead and injured in the crash last night of a giant navy flying boat in San Diego Bay.

The dead:

Lieutenant Walter Chester Day, Jr., Portland, Ore.

Lieutenant, Junior Grade, Floyd L. Wallace, Youngstown, Ohio.

Lieutenant, Junior Grade, William McKee Freshour, Piqua, O.

Robert Fall, aviation chief machinist's mate, Milton, Fla.

Ralph M. Purdy, radioman, second class, Keyport, N. J.

Harry K. Bryan, radioman, third class, Bellwood, Ala.

The injured:

J. W. Blackman, aviation ordnance man, second class, Cleburne, Texas.

Thomas Philip Dougherty, aviation machinist's mate, Philadelphia, Pennsylvania.

a state of war exists between two countries. It automatically embargoes shipments of arms, munitions and implements of war, as well as loans, to those nations.

Hull's statement came at almost the same time Admiral Harry E. Yarnell, commander of the United States Asiatic fleet, reported to the navy department he had warned both sides "to exercise more care" in directing their fire.

Yarnell said a special board of investigation had not been able to decide whether it was a Japanese or Chinese shell which killed one of the crew, injured 18 on his flagship, the Augusta, last week.

Tax Loopholes Bill Signed By President Today

WASHINGTON, Aug. 26.—(P)—President Roosevelt signed today the measure to close loopholes in the income tax law.

The measure, requested by the President to curb what he termed tax evasion and avoidance, is expected by experts to increase tax revenues by from \$75,000,000 to \$100,000,000 a year.

The white house made public a letter from Acting Secretary Taylor of the treasury saying the department was "happy to recommend prompt approval of this bill which will operate to close a number of serious loopholes in the revenue laws through which large amounts of revenue have been lost and still larger amounts would have escaped in the future."

The bill levies a 65 to 75 per cent tax on the undistributed income of domestic personal holding companies. Present rates are from 8 to 48 per cent.

The bill also is designed to prevent deduction from net income of any losses caused by sales, or trades, between relatives or corporations they control.

Stop the practice of individuals incorporating their personal talents and possessions—such as yachts and country estates—to avoid taxes.

Curb the use of foreign holding companies by a new system of computing their gross income.

Scatter the taxable income of one person.

Increase levies on the income of non-resident aliens.

LIGHTNING CAUSED FOREST FIRE THAT COST 14 LIVES

CODY, Wyo., Aug. 24.—(P)—Supervisor John Selker, of the Shoshone national forest, said today that lightning, ripping into a remote pine-filled canon, "mistakenly" caused the savage forest blaze that took the lives of 14 firefighters.

Selker reported 500 weary and smoke-choked men held the fire line now had the blaze under control. He estimated the flames that roared out of the isolated "box" canon had swept over 2,000 acres of heavily wooded slopes in the Absaroka mountains.

Selker said investigation spotted the fire source definitely in this canon, surrounded by high rock walls on all except one side.

"Lightning is the only possible thing that could have started a fire in there," Selker declared.

The fourteenth victim of the fire died last night in a Cody hospital.

His name Ambrosio Garza of Corpus Christi, Texas, member of the Tenease CCC camp which mustered most of its enrollees from Texas and Oklahoma.

Twenty of the men who died of burns suffered when they were trapped high on a mountain slope by fire hurled upon them by violent timberline cross winds were members of this camp.

Three of their bodies were shipped to their Texas homes last night. CCC officers said bodies of the remaining Texas victims and the one Oklahoma victim would be shipped today.

In three small hospitals at Cody, 35 miles southeast of the fire, 23 men seriously burned in the fire were given good chances for recovery. Unforeseen infections and complications did not develop from their painful burns.

FARMERS OF STATE EXPECTED ATTEND ONE THREE MEETINGS

Farmers from every county in Texas are expected to attend one of three meetings to be held in Texas next week by the Texas Agricultural Association at Houston, Dallas, and Lubbock to express their views on possible farm legislation, according to H. J. (Hub) Kent, chairman of the Navarro county organization.

Edward A. O'Neal, president of the American Farm Bureau Federation of Chicago will be the principal speaker, and the meeting which farmers from this section are expected to attend will be held at 2 o'clock next Thursday afternoon, September 2, at Dallas.

The purpose of the meetings is to get an adequate expression from the farmers themselves on the type of legislation desired and to complete plans for supporting its passage, Mr. Kent pointed out.

Emphasis has been placed on the importance of the meetings by the recent announcement of Chairman Marvin Jones of Texas, of the House Agricultural Committee, that congressmen were expected to bring specific views of the farmers of their districts back to the next session of congress.

Chairman Kent insisted that every community in the county should be represented at the meeting in Dallas on Sept. 2.

One Finalist Found Semi-Pro Tourney

WICHITA, Kas., Aug. 26.—(P)—One finalist in the National Semi-Pro Baseball tournament was determined today, following the Enid, Okla., victory over Wichita, 4 to 2. The defeat eliminates the Kansans. The final will be played Sunday.

Officials said Enid went to the final round under the tourney's double elimination rule by virtue of six victories and no defeats. Four teams remain in the other bracket, each with four victories and one loss.

One of these teams is the Dormont, Pa., aggregation which last night eliminated the last Pacific

SCHOOL DISTRICTS ARE ANNOUNCED FOR COMING SCHOOL TERM

WHERE CHILDREN OF CERTAIN DISTRICTS WILL ATTEND SESSIONS

In connection with the opening of Corsicana's public schools, Tuesday, Sept. 7, the school districts were announced today by Superintendent W. H. Norwood, as follows:

White School Districts.
Senior High School: All white children in the city in the ninth, tenth, and eleventh grades will report to the Senior High school on West Collin street.

Junior High School: All white children in the city in the seventh and eighth grades will report to the Junior High school on West Fourth avenue.

Sam Houston School: All white children in the first, second, third, fourth, fifth and sixth grades, who live west of the H. and T. C. Railway, and north of the Cotton Belt, east of Twenty-Fourth street, and south of the S. F. Austin school district line, will attend the Sam Houston school on West Collin street. All children in the high third, fourth, fifth and sixth grades who live in the Austin school district, will attend the Sam Houston school.

William B. Travis School: All white children who live south of the Cotton Belt and west of the H. and T. C. Railway tracks except those who live in that section west of Thirteenth street and north of Thirteenth avenue will attend the William B. Travis school. The district line follows the H. and T. C. Railway tracks from the station to the intersection with South Twelfth street; thence, to the city limits. This includes all children in the first, second, third, fourth, fifth, and sixth grades.

Robert E. Lee School: All white children living west of Twenty-Fourth street and north of the Cotton Belt Railway, together with those south of the Cotton Belt Railway, who are west of Thirteenth street and north of Thirteenth avenue, will attend the Robert E. Lee school on West Fourth avenue. This school will be open to pupils in the first, second, third, fourth, fifth, and sixth grades.

David Crockett School: All white children, who live east of a line following the H. and T. C. Railway tracks and south Twelfth street to the city limits, will attend the David Crockett school in East Corsicana. This school will be open to all children in the first, second, and third grades. All white children in this district who are in the fourth, fifth, and sixth grades will attend the Sam Houston school.

Stephen F. Austin School: All white children in the first, second, and low third grades living north of the line beginning at the city limits and running west on Third avenue to Main street; on Third avenue to Main street; on Second avenue; thence, west on Second avenue to Thirteenth street; thence, north on Thirteenth street to Nineteenth street; thence, west to Nineteenth street; north on Nineteenth street to the city limits, will attend the Stephen F. Austin school. All children living on either side of the Second avenue west of the court house square will attend the Sam Houston school, while all children living on First avenue in the same area will attend the Austin school. All other children below the Junior High school will attend the Sam Houston school.

Negro School Districts.
Jackson High School: All negro children, who are not included in the Washington school district, will attend the Jackson High school on East Fifth avenue.

Washington School: All negro children living in what is known as South Town will enter the Booker T. Washington school, provided they are in the first, second, third, and fourth grades.

Kerens Methodist Missionary Society Met Last Monday

KERENS, Aug. 26.—(Spl.)—The ladies of the Methodist Missionary Society met in regular session at the home of their president, Mrs. A. E. Keen, Monday afternoon at 4 o'clock.

Mrs. G. H. Sanders was leader for the afternoon, taking as her subject, "Missions." She was ably assisted by Mrs. Minnie Glass and Miss Ina Lee Floyd, with paper on "Rural Missions," and Mrs. C. E. Bruner who gave Items of Interest from the Missionary News. Preceding the program Mrs. Keen gave the devotional, found in the 3rd chapter of Acts, and Mrs. Will Talley worshipped with with inspiring piano selections, during the quiet hour.

Kerens Personal Mention.
KERENS, Aug. 26.—(Spl.)—Mrs. Henry Hoffer, went to Kaufman Monday night, to attend a party given in honor of her sister Miss Maybeth Clark, who will be a fall bride.

James Taylor went to San Antonio today. He was accompanied as far as San Marcos by his daughter, Shirley Ann, who will visit her grandmother.

G. M. Chapman and Rev. R. N. Wilkins were Dallas visitors Wednesday.

Mrs. Elmer Norton and daughter, Jerry, and Mrs. Louis Lowe and daughter, Nancy, went to Pharr today to take Miss Bonnie Lowrance home, after a two weeks visit here. Jerry will be a guest in the Lowrance home until Sunday.

Mrs. Walker Ingram was a Huntsville visitor Sunday and Monday.

Mrs. Wayne Rockett and Miss Carolyn Mills, of Waxahachie spent Wednesday in Kerens, visiting friends.

George Coates Collins is in Navasota for a visit with Trinity University friends.

Little Miss Peggy Simmons of Midland, who is visiting Mrs. J. E. Simmons, has been quite ill the last few days.

Mrs. E. H. Norton and daughter have returned from a visit to Mr. and Mrs. J. M. McGee in Cleburne.

Meredith Walker, of Houston, son of Mr. and Mrs. James Walker is here for a visit with his grandparents.

Jack Walker of Mildred was here Wednesday.

Mrs. Mitch Gray, Mrs. Ford Ivey and P. H. Brister are leaving today to visit relatives in Caldwell.

Mrs. A. R. Carroll, Mrs. Isla White, Mrs. Josephine Means, Miss Katherine Ivey and Miss Lila May Cheek were Corsicana visitors Wednesday.

Mr. and Mrs. L. S. Keen and son, Mike, of Lubbock left today after a visit with Mrs. A. E. Keen and Mrs. Avis Coates. They were accompanied home by their daughter, Patricia, who has been here two months.

POLICE REPORTER OF TIMES-HERALD DIED THURSDAY

DALLAS, Aug. 26.—(P)—William Horace Duncan, 56, veteran police reporter for the Times Herald, died in an ambulance en route to a hospital today a few minutes after he collapsed at a cafe across from the newspaper office.

Duncan had had a colorful career and his long association with newspapers. He began his career with the Brownsville Sentinel and he covered the expedition of American forces into Mexico in 1915. He spent considerable time in Mexico covering that affair.

During that time one of his exploits was helping Floyd Gibbons a correspondent, get his stories across the border. After the war Duncan came to Dallas. He was connected with the Associated Press a short time later joining the Dallas Dispatch staff and finally joining the Times Herald staff in 1919.

Surviving are his widow, one son, Bill Duncan, Jr., a daughter, Dot Duncan.

Two Randolph Field Fliers Are Killed

SAN ANTONIO, Aug. 24.—(P)—Two Randolph Field fliers, an instructor and a cadet, were killed when their plane crashed and

burned in a field two and a half miles north of Schertz shortly before noon today. The fliers were Second Lieut. Robert C. Wood, air reserve, and on active duty as an instructor, and Flying Cadet Frank Fisch. The plane crashed from an altitude of 500 to 600 feet and burned. Both bodies were nearly consumed by the flames.

Only witness to the accident was a Schertz farmer, who notified the air field. His name could not be learned. Cadet Fisch was taking dual flying instruction from Lieut. Wood. Lieut. Wood, whose home was at Haynesville, La., entered Randolph Field in February, 1935, and graduated from Kelly Field a year later. His father is C. D. Wood, Jr., of Haynesville.

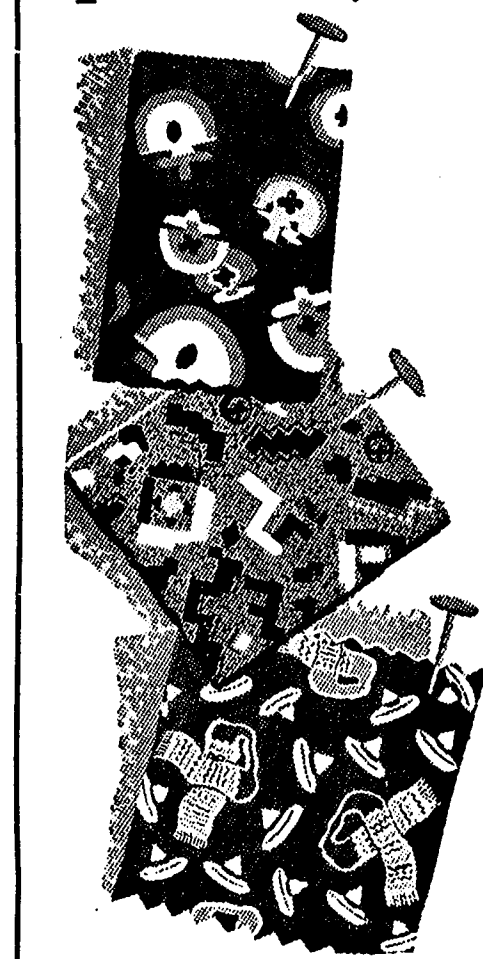

Cadet Fisch, whose home was at Mansfield, Ohio, entered Randolph Field on March 1. His father is John Fisch of 21 Lafayette Place, Mansfield.
